**International Directory of Organizations in Grey Literature, IDGL** / compiled by Dominic Farace, GreyNet International, Grey Literature Network Service – TextRelease : Amsterdam, March 2024. – 4th edition revised and expanded. – 29 p. – ISBN 978-90-77484-43-2.

This revised and expanded edition of the International Directory of Organizations in Grey Literature, IDGL includes a record of each organization's URL (Uniform Resource Locator) and ROR (Research Organization Registry) ID. The ROR-ID record further allows for the inclusion of other linked and persistent identifiers such as the organization's GeoName ID, GRID (Global Research Identifier), ISNI (International Standard Name Identifier), Funder ID, and Wikidata. Organizations are listed under the country in which they reside and appear in alphabetical order. Each organizational entry is assigned one of four sector codes: Academics - ACAD, Government - GOVT, Business - BUSN, or Other - OTHR. If the organization likewise appears in the Registry of Publishers in Grey Literature, a PUBGREY link is also assigned. An organization's entry in the directory indicates that one or more persons within that organization has contact with GreyNet International, that the organization has an assigned ROR ID, and that the organization is currently included on GreyNet's Distribution List. For further information, contact [info@greynet.org](mailto:info@greynet.org).

## GreyNet International has contacts in 44 Countries worldwide
